

BALANCED®
3MIL CONTRACTOR BAGS

WE HAVE YOU
COVERED

- These heavy-duty contractor garbage bags are made with high-quality LDPE resins and a durable 3 mil thickness, ensuring reliable performance in demanding environments.
- With an extra-large 42-gallon capacity, they are ideal for commercial, industrial, and construction applications.
- Engineered for enhanced puncture and tear resistance, these bags are built to handle tough waste, including sharp and heavy materials like metal, wood, and construction debris.

Item No.	Size	Thickness	Capacity	Material	Color
