

**BALANCED®
MEASURE TAPE**

**WE HAVE YOU
COVERED**

- Precision Measurement on Blade – Built to MID II Standards, with less than 0.5mm error over 1 meter for accurate results.
- Enhanced Internal Accuracy – The magnetic claw automatically adjusts to account for its thickness, ensuring $\pm 0.2\text{mm}$ accuracy in internal measurements.
- Comfortable Grip – Designed with an ABS rubber case for a secure, ergonomic fit for optimal handling and performance.
